

“I have recommended them to others – anyone I know that has talked about getting themselves an aircraft have gotten Aero & Marine’s card from me!”

The owner of a company in southern California that builds, leases and maintains aircraft hangars needed to buy a new Beechcraft airplane, so he turned to Aero & Marine Tax Professionals for help in getting a sales tax exemption for the purchase.

Russell, the company owner said “We lease, manage and construct aircraft hangars. We manage hangars in other states, and have to do traveling to do the management. I had a plane since 16 yrs old, so it’s a continuation of that. We’ve always used a plane in the business, however. We used to do construction for the FAA all around the western states. We couldn’t fly commercial, because it was always to small communities. Then when that phased out, we started finding hangar properties at small airports in the western US.”

“I liked working with Aero & Marine Tax Professionals because of their wealth of knowledge regarding taxing of airplanes and how to work within the law. I have recommended them to others – anyone I know that has talked about getting themselves an aircraft have gotten Aero & Marine’s card from me!” concluded Russell.

It’s true! We’ve saved clients literally millions of dollars - I can guarantee you won’t find anyone with more knowledge and experience. It pays to plan ahead so future aircraft or vessel acquisitions are properly structured. Plus, if you suspect the status of a purchase made anytime in the past 10 years - I will offer a free analysis of your situation. Go to www.aeromarinetaxpros.com and simply fill in the appropriate form. Or call me personally at **916-691-9192, ext. 108**.
