

**“We saved about \$23,000.00
in California Sales Tax by
using the services of Aero & Marine”**

Founded in 1974, Rainbow Sandals CEO, Jay R. Longley located their global headquarters in the Southern California town of San Clemente. Rainbow markets their sandal product to 5000 domestic and worldwide retailers including Spain, France, New Zealand, Tahiti and Guam. Sparky, as his friends call him, uses his Lancair to scout new retail locations in California, Nevada, Arizona and Utah.

“The people at Aero & Marine Tax Professionals are really good and walk you through the steps. When I had problems they helped and baby-sat us through it. We saved about \$23,000.00 (California state sales tax) by using the services of Aero & Marine. It was a good experience,” claims Longley.

In addition to his high-performance Lancair, Longley recently purchased another aircraft and has again retained the services of Aero & Marine Tax Professionals to escort him through the labyrinth of the California State Board of Equalization sales tax requirements.

We now have a program in Arizona as well as California!
