

The ever positive Rick Roussin says, “See ya at the top” ...and he means it!

When Rick was selling typewriter and printer ribbons twenty years ago—he could only imagine his company, Coast to Coast Computer Products would clearly be at the *top* and one of the leading suppliers of computer and printer related products in the country. “If we don’t carry it...it probably doesn’t exist,” claims Roussin. “We give personal service and treat our customers like family—make them laugh and have fun in the process. Built on the simple principles of honesty, excellent service and the very best products...at the very best prices, is our goal and we take great pride striving to be the leader in this industry.”

According to Roussin the recently acquired Beechcraft Bonanza was not the first aircraft owned by Coast to Coast; nor was it the first obtaining an exemption. “Even though we had been through the process — we’re not experts and the company we worked with then was no longer handling aircraft business. I remembered seeing a copy of *Tax Matters*,” he added. “I called Tom Alston and it appeared to be a good match. Aero & Marine Tax Pros are a service-minded group of professionals who kept the process simple. They provided easy to follow instructions. The monthly follow-up kept us in line so all documents requested were in position when needed. Overall, this was a very positive experience. In all—I think we saved about \$52,000.00 utilizing the services of Aero & Marine Tax Professionals.

“Coast to Coast uses personal aircraft as a business solution to the ever increasing problem of business travel, noted Rick. We mainly use the Beechcraft to meet with our reps up and down the West coast. We specialize in corporate accounts from 50 employees all the way up to Fortune 500 companies, while providing compatible solutions to the high cost of OEM —resulting in saving both time and money. Plus, we have a Federal Supply Schedule GSA Contract with over 1600 items under FSC Group 75, Part II, Section A, Class 7045.

“With a real person answering our phones customers never hear: *Press ‘O’ for the operator.* Our customers now have 3 quick and easy ways to place orders for the laser toner, fax toner, inkjet, drum unit or media item they need.

“We work hard for our customers and treat them like they are our only customer. Tom’s follow-up and competence made me feel as though I was his personal customer too. There is however, one significant difference... we give free candy with every order!
See ya at the top, Tom.”

We now have a program in Arizona as well as California!

It’s true! We’ve saved clients literally millions of dollars—I can guarantee you won’t find anyone with more knowledge and experience. It pays to plan ahead so future aircraft or vessel acquisitions are properly structured. Plus, if you suspect the status of a purchase made anytime in the past 10 years—I will offer a free analysis of your situation.
