

“Aero & Marine Tax Professionals saved us the cost of the sales tax! And money is important these days.”

Charlie B., owner of a management business in northern California, turned to Aero & Marine Tax Professionals for help in getting a sales tax exemption for the purchase of a King Air B-200 airplane.

Charlie B. said “We have several businesses. Property management, agricultural management, real estate investment. We’re kind of all over the place. We needed an aircraft because we have an office in a location that is not served commercially. We couldn’t get to that location since there weren’t commercial flights to that area. Aero & Marine Tax Professionals saved us the cost of the sales tax! And money is important these days. We would recommend them to anyone planning on buying an airplane.”

It's true! We've saved clients literally millions of dollars - I can guarantee you won't find anyone with more knowledge and experience. It pays to plan ahead so future aircraft or vessel acquisitions are properly structured.
