

“The experience with Aero & Marine Tax Pros was incredibly simple, professional, and most importantly, successful!”

When the owner of a TV production company needed to buy a PA-46-310P Malibu airplane, he turned to Aero & Marine Tax Professionals for help in getting a sales tax exemption for the purchase.

An executive from the company stated: “I’m in the TV production business, and I do a lot of TV production throughout the states of Nevada, Arizona, California, and New Mexico. The locations we film at are primarily places that commercial airlines just don’t go to. We just couldn’t do it in a commercial setting.”

“The experience with Aero & Marine Tax Pros was incredibly simple, professional, and most importantly, successful! Everything went smoothly, their staff was in constant communication and updating what I needed to do each month to get you the documentation. I would absolutely recommend Aero & Marine Tax Pros to others. I would actually make the argument that anyone that does not seek out and find these services is making a mistake, and then not specifically using Aero & Marine is making a secondary mistake. A lot of pilots think that there is only one way to get out of having to pay the California state taxes, and that is that you have to base your aircraft in another state for 12 months. They’re not aware of this interstate tax exemption route, none of the pilots are aware of this option. It’s getting the word out that you don’t have to leave your plane out of the state for a year.”

It's true! We've saved clients literally millions of dollars - I can guarantee you won't find anyone with more knowledge and experience. It pays to plan ahead so future aircraft or vessel acquisitions are properly structured. Plus, if you suspect the status of a purchase made anytime in the past 10 years - I will offer a free analysis of your situation. Go to www.aeromarinetaxpros.com and simply fill in the appropriate form. Or call me personally at **916-691-9192, ext. 108**.
